

Join paediatric researchers, biostatisticians and clinicians from around Australia for a day dedicated to

# INNOVATIVE PAEDIATRIC TRIAL DESIGN AND CONDUCT

## TOPICS INCLUDE

- Health economics and trials
- New trial designs, including stepped wedge and platform design
- Recruitment strategies
- Tips for successful NHMRC trial project grants

After lunch, researchers will be invited to present their trials in planning. Through open discussion with peers and experts, ideas will be developed towards robust trial proposals.

25 November 2015, 9am–5pm

Larwill Studio, The Royal Children's Hospital, Melbourne  
48 Flemington Road, Parkville 3052
