

Registry-Randomised Trials Colloquium

Interested in utilising registry data to help design and conduct clinical trials?

Join us at SAHMRI for an informative day of presentations from Government, funders and experienced clinician researchers. We will conclude with interactive workshops where you can hone your research question and receive personalised, practical advice to get started.

Monday 11th February 2019

South Australian Health and Medical Research Institute, Adelaide

Registration 9:30-10am

Session 1: The Big Picture

Federal Department of Health perspective - Ms Emily Hurley

Acting Assistant Secretary, Health System Financing and Evaluation Branch and Health Economics and Research Division

Insights from the Commission - Dr Robert Herkes

Chief Medical Officer, Australian Commission on Safety and Quality in Health Care

Perspectives of a research funder - Professor Steve Wesselingh

Chair, National Health and Medical Research Council Research Committee

Morning tea

Session 2: Current work in the sector

Registry-Randomised Trial using the ANZICS database - Dr Ed Litton

Director of ICU Research, Fiona Stanley Hospital

Registry Randomised Trials using the AOA National Joint Replacement Registry - Professor Ian Harris

Professor of Orthopaedic Surgery, University of New South Wales

Utilising CADOSA data for trials - Professor John Beltrame and Dr Rosanna Tavella

Head of the Discipline of Medicine, The Queen Elizabeth Hospital, and Data Manager, CADOSA Registry

ANZDATA – Best Fluids study - Professor Stephen McDonald

Executive Officer, ANZDATA Registry

Lunch

Session 3: Ethical, methodological and consumer perspectives

Ethical considerations from a consumer viewpoint - Consumer representative (TBD)

Obtaining a waiver of consent on the RESOLVE study - Associate Professor Meg Jardine

Program Head, Innovative Kidney Research, The George Institute of Global Health

Adaptive Platform Trials: what they are and nesting a platform within a registry - Dr Tom Snelling

Head, Infectious Disease Implementation, Telethon Kids Institute

Afternoon tea

Session 4: Panel discussions and questions from the audience

We invite you to engage with this highly interactive session and receive advice from our presenters. Come prepared with your research questions. This session will run until 4pm.

Discounted registration available for ACTA members and SAHMRI Staff:
